Registering on MyfootballClub.com.au

General

1. The site for online registration is now at Myfootballclub.com.au. This is provided and managed by the FFA and is NOT a FKFC website
2. You will need to search for your FFA number first and get a password. FFA number can be sourced from the On Line registration site by entering your first name, last name and DOB.
3. If you are a new player (or registering a new player) you can create a new FFA number and login on the website. EACH PLAYER NEEDS A LOGIN.
4. Once you source your FFA number [per player], please make a note of the number and your password as this will allow you to go back into your registration to check status.
5. Processing for returning players will take about 3 minutes; new members will take longer as all information needs to be captured.
6. For Families, each family member has to register and pay separately. Fourth Player of a family group is free [applicable to lowest value registration fee]. You can either;
 - a. Not pay online and request for the registration to be completed based on fourth member, or
 - b. Pay for all players and claim fourth player as a rebate.
